## FESTIVAL OF MONTH EASTER

Easter is a very important festival in the Christian religion, and many Christians go to church at this time. Easter also celebrates the arrival of spring, and we see lots of things that make us think of new life, for example eggs, chicks, flowers and rabbits. The dates of Easter change from year to year, but it's usually sometime between the end of March and the end of April. In some countries, people have holidays from school and work, and they often spend time with family and friends.
